SAARTHI — Bharat Ka Apna Service App

Welcome! Your Quick Start & Success Guide

Thank you for joining SAARTHI. This short guide explains how the app works and how to get the most out of it — whether you're offering a service or looking to hire one.

What is SAARTHI?

SAARTHI is a hyperlocal service marketplace connecting people who need help — plumbers, electricians, tutors, beauticians, and hundreds of other services — with skilled, verified professionals nearby. It's available in 12 Indian languages, with a built-in voice assistant called RADHEY so you can search or register just by speaking, in your own language.

FOR SERVICE PROVIDERS

Why Join

- **Zero Commission** — no commission, ever. What you earn is yours.
- **Free to List** — listing your services is completely free.
- **Verified Badge** — a verified badge builds trust with customers before they even call you.
- **Direct Contact** — customers find and contact you directly, no middlemen.

How to Get More Bookings — Be More Visible

- **Complete your profile fully** — a complete profile with real work photos gets trusted, and trusted providers get hired more.
- **Get ID verified** — it only takes a few minutes and makes a real difference in how often you get chosen.
- **Reply to inquiries fast** — customers move on quickly if they don't hear back.
- **Ask happy customers to leave a review** — genuine reviews build your reputation over time.
- **Consider upgrading your plan** — Silver or Gold plans give you priority placement and more visibility in search results.
- **Keep your availability updated** — set accurate working hours and service area so you only get relevant enquiries.

FOR SEEKERS (HIRING SOMEONE)

Why Join

- **Free to use** — browsing and contacting providers costs nothing.
- **Verified Providers** — ID-verified providers, so you know who you're calling.
- **Pay only when you hire** — only pay a small ₹51 fee when you actually hire someone — no charge just to look around.
- **RADHEY Voice Assistant** — search or register just by speaking, in your own language.

How to Get the Best Experience

- **Try voice search first** — say what you need in your own language and let RADHEY find matches for you.
- **Check ratings and reviews before hiring** — a provider's history tells you what to expect.
- **Filter by area** — filter results by distance for faster response times.
- **Message providers directly** — chat or call right from the app.
- **Pay via UPI when the job is done** — quick, secure, and no need to carry cash.
